github_pulls_comments:

1. Merged in master and 8x, so it will be released in 8.4. Next time, for better visibility, create a JIRA issue and place the JIRA ID in the title of the PR. You will be reminded of this in the new Pull Request template also.

github_pulls_reviews:

1. This looks good and makes sense to me.
2. Thanks for the feedback. Can this merged to be included in the next release?
