1. **summary:** fix(pie): deprecate series[pie].label.margin #14067
message: fix(pie): deprecate series[pie].label.margin #14067

github_issues:

1. **title:** Pie label margin doesn't exist on typing
body: ### What problem does this feature solve? When using in TypeScript projects, `series[pie].label.margin` gets the following error: ``` Type '{ position: "outer"; alignTo: "edge"; bleedMargin: number; margin: number; }' is not assignable to type 'PieLabelOption'. Object literal may only specify known properties, and 'margin' does not exist in type 'PieLabelOption'.ts(2322) ``` But this option takes effect, so just a problem of typing. ### What is expected? No type error. <!-- This issue is generated by echarts-issue-helper. DO NOT REMOVE --> <!-- This issue is in English. DO NOT REMOVE -->
label: documentation
2. **title:** Pie label margin doesn't exist on typing

github_issues_comments:

1. Hi! We've received your issue and please be patient to get responded. 🎉 The average response time is expected to be within one day for weekdays. In the meanwhile, please make sure that ****you have posted enough image to demo your request****. You may also check out the [API] (<http://echarts.apache.org/api.html>) and [chart option](<http://echarts.apache.org/option.html>) to get the

answer. If you don't get helped for a long time (over a week) or have an urgent question to ask, you may also send an email to dev@echarts.apache.org. Please attach the issue link if it's a technical question. If you are interested in the project, you may also subscribe our [mailing list] (<https://echarts.apache.org/en/maillist.html>). Have a nice day! ☕

2. **body:** `margin` seems to be renamed to `edgeDistance`. Document should be updated.
label: documentation
3. **body:** Updated the documents
label: documentation
4. Should add back depracted options and add `@deprecated` mark
