1. **summary:** Excessive backups performance suggestion.
description: I found that performance suggestion for zeroing backups count is incorrect in terms of proper cluster exploitation and easy way to loose your data. Discussion in dev list [1]. I suggest simple remove this message. [1] <http://apache-ignite-developers.2346864.n4.nabble.com/Excessive-backups-performance-suggestion-td45658.html>

1. {panel:title=Branch: [pull/7482/head] Base: [master] : No blockers found!|borderStyle=dashed|borderColor=#ccc|titleBGColor=#D6F7C1}{panel} [TeamCity *--> Run :: All* Results|https://ci.ignite.apache.org/viewLog.html?buildId=5088749&buildTypeId=IgniteTests24Java8_RunAll]
2. [~ascherbakov] can we move further ?
3. [~zstan] Looks like no objections from a community. You can proceed.
4. [~zstan], LGTM. Thank you for contribution. Merged to master.
5. [~Pavlukhin] thank you !
