1. **title:** feat: [filter_box] disable instant_filtering by defult **body:** ### SUMMARY Currently filter_box's setting **instant_filtering** is set to true by default. We found airbnb users usually make large filter_box with multiple filter_fields. When user change filter fields one by one, instant filtering will generate many temporary queries but no use. This PR is to set default value be false. This change will not affect any existed filter_box settings. ### BEFORE/AFTER SCREENSHOTS OR ANIMATED GIF ![Screen_Shot_2020-05-29_at_10_08_48_AM](https://user-images.githubusercontent.com/27990562/83286318-8cf01f00-a194-11ea-9756-6fce6d44ee72.jpg) ### TEST PLAN CI ### ADDITIONAL INFORMATION <!--- Check any relevant boxes with "x" --> <!--- HINT: Include "Fixes #nnn" if you are fixing an existing issue --> - [] Has associated issue: - [x] Changes UI - [] Requires DB Migration. - [] Confirm DB Migration upgrade and downgrade tested. - [] Introduces new feature or API - [

github_pulls_comments:

Removes existing feature or API

Last update [4fe6f4f...c710897](https://codecov.io/gh/apache/incubator-superset/pull/9952?src=pr&el=lastupdated). Read the [comment docs](https://docs.codecov.io/docs/pull-request-comments).
- 2. I will use Zuzana's comment.
- 3. ![image](https://user-images.githubusercontent.com/335541/83841201-3e231780-a6b5-11ea-8fdb-a49774aa823a.png) Should we consider moving the apply button to the right?

github_pulls_reviews:

- 1. Maybe we should add a better description while we're in here too. @sylvia-tomiyama any ideas?
- 2. I checked what other descriptions look like (for consistency...). How about _Check to apply filters instantly as they change instead of displaying [Apply] button._
