1. **title:** [NIFI-2844] Update CSS styles for Cluster Summary Dialog icons and refresh button.
   body:

github_pulls_comments:

1. Please do not merge....I will address the comments in https://issues.apache.org/jira/browse/NIFI-2844 to match these styles with that of the operate palette.
2. @scottyaslan let's go ahead and get this in since the issue is fixed and the icons are now visible. I'll file a separate jira to completely update the styling.
3. Reviewing...
4. **body:** @moranr @mcgilman I was able to update the styles to match the operate palette so please take a look.
   label: documentation
5. Thanks @scottyaslan. This has been merged to master.

github_pulls_reviews:

jira_issues:

1. **summary:** The icon for the component is cut-off in the Cluster <component> Summary window.
   description: In a clustered environment, select "Summary" from the Global Menu. As an example, in the Processors tab, select "View processor details" icon (the 3 cube cluster icon) for one of the processors. The icon shown for the processor is cut-off at the top. This also occurs for the following components: -Input Ports -Output Ports -Connections Screenshots attached.

jira_issues_comments:

1. Note: For processors, the icon itself is incorrect. The Data Provenance icon is used instead of the Processor icon. I can create a separate Jira for this if necessary.
2. **body:** Also, consider making the icons and text larger if possible to improve readability.

3. GitHub user scottyaslan opened a pull request: https://github.com/apache/nifi/pull/1104 [NIFI-2844] Update CSS styles for Cluster Summary Dialog icons and refresh button. You can merge this pull request into a Git repository by running: $ git pull https://github.com/scottyaslan/nifi NIFI-2844 Alternatively you can review and apply these changes as the patch at: https://github.com/apache/nifi/pull/1104.patch To close this pull request, make a commit to your master/trunk branch with (at least) the following in the commit message: This closes #1104 ---- commit 6e115cdbed7d3d4452d1257206728ad3fd45dd3b Author: Scott Aslan <scottyaslan@gmail.com> Date: 2016-10-05T15:10:46Z [NIFI-2844] Update CSS styles for Cluster Summary Dialog icons and refresh button ----
4. I would suggest arranging the component details as they appear in the Operate palette. See the attached image _selected-component-info.png_
5. Github user scottyaslan commented on the issue: https://github.com/apache/nifi/pull/1104 Please do not merge....I will address the comments in https://issues.apache.org/jira/browse/NIFI-2844 to match these

styles with that of the operate palette.
