1. **summary:** Add release download link to the front page of the website
   description: To support Bigtop trademark registration we were asked to add "Download" link to the front page of the website.

jira_issues_comments:

1. **body:** Ready. I will open a separate JIRA to use Apache proximity CGI instead of the static link to dist as of right now.
   label: documentation
2. +1
3. Pushed into the master. Thanks for the review [~dasha.boudnik]
4. The publishing of the site is blocked by a bug in CMS
