4. **title:** Fix OneSpoutMultiTasks test
   body: related to #1691
5. **title:** Fix OneSpoutMultiTasks test
   body: related to #1691

github_issues_comments:

1. **body:** What's the status of this issue? I saw it twice this week:
   `20170321183034_IntegrationTest_OneSpoutBoltMultiTasks_98f78c1a-21eb-42f1-8116-b0b65f47c1e8`
   label: test
2. I got other tasks to do. Can you PR to temporarily disable it? See
   https://github.com/twitter/heron/pull/1700
3. i will look into it when I finish other tasks

github_pulls:

1. **title:** Temp disable OneSpoutMultiTasks.
   body: temp solution for #1757
2. **title:** Temp disable OneSpoutMultiTasks.
   body: temp solution for #1757
3. **title:** Temp disable OneSpoutMultiTasks.
   body: temp solution for #1757

github_pulls_comments:

1. Looks good. Thanks!
